OGDEN NEWS.

OGDEN CITY, UTAH, - JUNE 4, 1901.

SESSION OF CITY COUNCIL.

Commissioners May Appoint Fruit Tree Inspector—Other Weber County Business.

Weber County School Commencement—District Court Notes—Wedding—Bills—Board of Equalization.

The City Council met in regular session last evening and transacted the following business:

Miscellaneous claims and pay rolls amounting to \$1,616.21 were ordered paid.

The resolution authorizing the payment of the assessment of Ogden City's stock in the Ogden Bench Canal company was returned by the mayor with a suggestion that it be returned to the city attorney to report how to best protect the city's interests in this canal.

The communication was not referred. The city's sanitary inspector, J. H. Watkins, submitted his monthly allowance of \$15 per month for buggy hire and the petition was granted for the remainder of the year.

City Auditor L. E. Miller presented an estimate of the receipts and expenditures for the current year, showing that \$9,933 would be necessary to collect in taxes in order to run the city to the end of next year.

Parker J. Hall and others asked that a soldier's plot be set aside in the cemetery for the burial of indigent sailors, seamen and marines. Referred to the soldiers and marines committee and committee on the public buildings and grounds.

The Telluride Power company asked for a franchise to place electric light poles on Taylor and Fillmore Avenue. The communication was referred to the committee on laws and the recorder was instructed to notify the company to furnish the lines and file with the city recorder 12 copies of an ordinance granting said franchise and \$15 as franchise fee.

An ordinance establishing rules and regulations concerning the storage and use of calcium carbide was introduced and read the first time and referred to the committee on laws.

President H. H. Thomas introduced a resolution to begin condemnation proceedings against the present water company and thereby obtain the water works for the city. This created considerable discussion but it was finally referred to the special water committee and to present their views at the next meeting of the council.

A resolution was introduced by Councilman Brown and others looking to the bonding for \$25,000 and the building of new works and this was referred to the committee with the same instructions.

Four bids on the refunding bonds of thirty thousand dollars were opened and read by the recorder as follows: Ralph Kierbolter, par and accrued interest, N. W. Harris and Co., \$273 commission, W. J. Hayes and Sons par and accrued interest, Seasongood and Mayer par \$500 premium and blank bonds free. All the bids were referred to the finance committee. The council then adjourned.

WEBER COUNTY BUSINESS.

The county commissioners met and transacted the following business:

Com. Stanford moved the appointment of a committee to investigate the resolution providing for the appointment of a county fruit tree inspector under provisions of subdivision 12 of section 31, of the Revised Statutes of Utah, and if after investigation the board has sufficient authority and jurisdiction, that said inspector be appointed. The motion was adopted and Commissioners Stanford and Wilson were appointed the committee with the county attorney added.

County Commissioner Stanford reported that a discharged soldier named McCormick had died at a lodging house in this city while on route to his home in Connecticut, that Larkin and Son had charge of the body and had made application to him for a \$75 burial fee as provided for by the 1901 laws. That he had consulted with the county attorney on the matter and he had advised that the law makes no distinction between transients and residents of the county, therefore he had ordered such burial.

Commissioner Stanford reports having called on the Utah Light & Power company, in the matter of the claim of the county against the company for damages to bridge and road, and that further time was granted the company in which to decide as to what they intended doing.

County Physician Forbes reports only two cases of smallpox in the county outside of Ogden.

Alma Keyes of Utah appeared and complained of washouts in Deseret at Utah. Referred to Commissioner Wilson.

Council Attorney Halverson appeared before the board and protested against the adoption by the board of the resolutions of May 27, 1901, with reference to himself and asked that they be withdrawn the same.

A communication was received from State Fish and Game Warden John Sharp in which he called the attention of the board to the fact that certain canals in Ogden valley have not been screened and are therefore a detriment to the raising of fish. The communication was referred to Commissioner Wilson with power to act.

COUNTY SCHOOL COMMENCEMENT.

Closing Exercises of Weber Stake Academy—Business College.

(Special to the "News.")

Ogden, June 4.—The class day exercises of the Weber Stake Academy will be held at the Tabernacle tomorrow night at 8 o'clock. An excellent literary program has been prepared, including addresses by Dr. James E. Talmage and Dr. J. M. Tanner. The academy field day will take place at the Laegon on Thursday. The train will leave Ogden at 9 a. m. over the Oregon Short Line. An interesting program of sports has been prepared. On Friday night a grand ball will be given in the Lester park pavilion.

Ogden river. The alarm was sent in at once and the fire department made an excellent run but before it reached the scene of the fire, the entire rear of the mill was in ashes and the flames had made their way to the front of the building. The concern belonged to Niels Knudsen and Henry Dorn, and the loss is estimated at \$3,000. It is partly covered by an insurance of \$800. The mill was one story frame but it was well stocked with flour, bran, shorts and grain.

There was no electric light in the rear of the building and there had not been a fire used in that part for several months. These circumstances give rise to the suspicion that the fire was the work of incendiaries.
